**HOVENSA/St. Croix, USVI:** EPA received a comment memo from the USVI DPNR regarding the proposed revisions to the closure plan for Landfarms 2 and 3. The comments were consistent with those presented by DPNR at the public meeting on February 7<sup>th</sup>. Comments focused on the protectiveness of the grass cover vs. a “fill and cap” alternative, as well as how the closure would affect the cost of maintenance and sampling parameters. EPA is working on preparing a response to comments.
